

# Portable Pneumatic Pressure Calibrator

## Portable hand operated

pneumatic pumps that easily generate up to 600 psi (40 bar), vacuum to -0.9 bar.

## Two outlets ports allow

user to connect to both device under test and external pressure calibrator thus eliminating a "T"

## Fine Adjustment piston

provides an easy way to achieve precise pressure control

## Low volume Quick-test

hose, gauge adapter and process connection can be attached to pump without thread sealant or a wrench

## Rugged, all metal

construction improves temperature and pressure stability.

3' high pressure hose & fitting

Soft Carrying Case

PPPC Series

- Simple, Portable, Hand Operated Pneumatic pressure calibrator.
- With a Precision Digital Pressure Gauge attached, it can be used to calibrate field pressure instrument.
- No pressure bottle are required.

## Ordering Information

### Model:

PPPC-Vac- 40bar-kit, PPC-Vac- 35bar-kit, PPC-Vac- 20bar-kit, PPC-Vac- 7bar-kit, PPC-Vac- 2bar-kit, PPC-Vac- 1bar-kit, PP-500 (pump only).

### Pump only accessories:

- 1) 3 Feet High Pressure Hose
- 2) NPT Male Quick Connect Fitting
- 3) Warranty 1 year

### Kit Include:

- 1) Digital Pressure Gauge (with rubber boot)
- 2) Soft Carrying Case
- 3) Inter-connect fittings

### Note:

Refer to Digital Pressure Gauge for Specification. (Page 3)
